OUR MISSION

We empower communities to change their world by supporting school lunch programmes in Tanzania and inspiring service in all children.

The Lunch Project programmes in Tanzania are community inspired and community operated.

In Tanzania, 97% of children are enrolled in primary school. However, there is a need for "fuel" to learn. Children who are hungry struggle to stay awake and concentrate in school. A hot lunch during the school day means children will have at least one nutritious meal and will be better equipped to learn.
